ENERGY DEPARTMENT
Mantralaya, Mahanadi Bhawan Nawa Raipur, Atal Nagar

Nawa Raipur, the 27th February 2023

No. 505/F-26/04/ECBC/2019/13/2.—WHEREAS, clause (p) of section 14 of the Energy Conservation Act, 2001 (Central Act 52 of 2001) empowers the Central Government to prescribe Energy Conservation Building Code for efficient use of energy and its conservation in the building or building complex, by notification, in consultation with the Bureau of Energy Efficiency.

AND WHEREAS, Government of India issued the Energy Conservation Building Code, 2007, under clause (p) of section 14 of Energy Conservation Act, 2001;

AND WHEREAS, clause (a) of section 15 of the Energy Conservation Act, 2001 empowers the State Government to amend the Energy Conservation Building Code, in consultation with the Bureau of Energy Efficiency, to suit regional and local climatic conditions and may, specify and notify Energy Conservation Building Code with respect to use of energy in the buildings.

Now, THEREFORE, in exercise of the powers conferred by clause (a) section 15 and section 57 of the Energy Conservation Act, 2001 (Central Act 52 of 2001), the Government of Chhattisgarh, hereby, amend the Energy Conservation Building Code 2007 issued by Government of India to suit the regional and local climatic condition of Chhattisgarh State and notify it as the Chhattisgarh Energy Conservation Building Code, 2022 as specified in the schedule hereto.

By order and in the name of the Governor of Chhattisgarh,
ANKIT ANAND, Secretary.

SCHEDULE

CHHATTISGARH ENERGY CONSERVATION BUILDING CODE 2022 **(CGECBC 2022)**

1. Purpose

In accordance with section 14(p) of the Energy Conservation Act 2001 the purpose of the Chhattisgarh Energy Conservation Building Code (CGECBC) is to provide minimum requirements for the energy-efficient design and construction of buildings in Chhattisgarh falling under climatic zone: composite and warm humid, using CGECBC 2022. The Code also provides two additional sets of incremental requirements for buildings to achieve enhanced levels of energy efficiency that go beyond the minimum requirements.

2. Scope

The CGECBC is applicable to buildings or building complexes that have a connected load of 50 kW or greater or a contract demand of 60 kVA or greater or Built-up area greater than 1000 m² (Square Meters) and are intended to be used for commercial purposes.

Buildings intended for private residential purposes only are not covered by the Code. This code would become mandatory as and when it is notified by the Government of Chhattisgarh in the official Gazette under clause (a) of Section 15 of the Energy Conservation Act 2001 (57 of 2001)

2.1 Energy Efficiency Performance Levels

The code prescribes the following three levels of energy efficiency:

(a) Chhattisgarh Energy Conservation Building Code Compliant Building (CGECBC Building)

CGECBC Buildings shall demonstrate compliance by adopting the mandatory and prescriptive requirements listed under CGECBC Compliant Building requirements in §4 to §7¹, or by following the provisions of the Whole Building Performance (WBP) Method in §9.

(b) Chhattisgarh Energy Conservation Building Code Plus Building (CGECBC+ Building)

CGECBC+ Buildings shall demonstrate compliance by adopting the mandatory and prescriptive requirements listed under CGECBC+ Compliant Building requirements in §4 to §7, or by following the provisions of the Whole Building Performance (WBP) Method in §9.

(c) Super Chhattisgarh Energy Conservation Building Code Building (Super CGECBC Building)

Super CGECBC Buildings shall demonstrate compliance by adopting the mandatory and prescriptive requirements listed under Super CGECBC Compliant Building requirements in §4 to §7, or by following the provisions of the Whole Building Performance (WBP) Method in §9.

2.2 Building Systems

The provisions of this code apply to:

- (a) Building envelope;
- (b) Mechanical systems and equipment, including heating, ventilating, and air conditioning, service hot water heating;
- (c) Interior and exterior lighting and
- (d) Electrical power and motors and renewable energy systems.

The provisions of this code do not apply to plug loads and equipment and parts of buildings that use energy for manufacturing processes, unless otherwise specified in the CGECBC.

2.3 Precedence

The following codes, programs, and policies will take precedence over the CGECBC in case of conflict:

- (a) Any policy notified as taking precedence over this Code, or any other rules on safety, security, health, or environment by Central, State, or Local Government.
- (b) Bureau of Energy Efficiency's Standards and Labelling for appliances and Star Rating Program for buildings provided both or either are more stringent than the requirements of CGECBC.

2.4 Reference Standards

The National Building Code of India 2016 (NBC) is the reference standard for lighting levels, heating, ventilating, and air conditioning (HVAC), thermal comfort conditions, natural

¹ § Symbol denotes section numbers used in this Code

ventilation, and any other building materials and system design criteria addressed in this Code.

Standards and labelling (S&L) Program of BEE² will be applicable for minimum equipment efficiency standards, wherever specified. In case the schedule of S&L is revised for any equipment, the year of building permission by the Authority having Jurisdiction³ will be considered as base year for CGECBC compliance.

2.5 Building Classification

Any one or more building or part of a building with commercial use is classified as per the functional requirements of its design, construction, and use. The key classification is as below:

- (a) **Hospitality:** Any building in which sleeping accommodation is provided for commercial purposes, except any building classified under Health Care. Buildings and structures under Hospitality shall include the following:
 - i. No-star Hotels – like Lodging-houses, dormitories, no-star hotels/motels
 - ii. Resort
 - iii. Star Hotel
- (b) **Health Care:** Any building or part thereof, which is used for purposes such as medical or other treatment or care of persons suffering from physical or mental illness, disease, or infirmity; care of infants, convalescents, or aged persons, and for penal or correctional detention in which the liberty of the inmates is restricted. Health Care buildings ordinarily provide sleeping accommodation for the occupants. Buildings and structures like hospitals, sanatoria, out-patient healthcare, laboratories, research establishments, and test houses are included under this type.
- (c) **Assembly:** Any building or part of a building, where number of persons congregate or gather for amusement, recreation, social, religious, patriotic, civil, travel and similar purposes. Buildings like theatres or motion picture halls, gathering halls, and transport buildings like airports, railway stations, bus stations, and underground and elevated mass rapid transit system are included in this group.
- (d) **Business:** Any building or part thereof which is used for transaction of business, for keeping of accounts and records and similar purposes, professional establishments, and service facilities. There are two subcategories under Business – Daytime Business and 24-hour Business. Unless otherwise mentioned, Business buildings shall include both Daytime and 24-hour subcategories.
- (e) **Educational:** Any building used for schools, colleges, universities, and other training institutions for day-care purposes involving assembly for instruction, education, or recreation for students. If residential accommodation is provided in the schools, colleges, or universities

² Bureau of Energy Efficiency, Ministry of Power, Government of India

³ Urban Administration & Development Department, Town & Country Planning Department and Nava Raipur Development Authority of Government of Chhattisgarh are the Authorities having Jurisdiction as defined in CGECBC Rules 2022
